

VANCOUVER ITECH PREPARTAROY PASS/NO CREDIT FORM

A student selecting the "Pass/No Credit" option is required to become familiar with its features and rules located in the Vancouver iTech Preparatory Handbook. Students may only choose the Pass/No Credit option for elective classes, CORE classes cannot be taken as Pass/No Credit.

Students selecting the "Pass/No Credit" option are expected to complete all projects and tests, turn in all regular class work, and receive marks along with other students. The final mark of "Pass" will be given if the student meets the standards needed to reach at the passing level. A "No Credit" grade will be given if the student does not meet the standards needed to pass the class with a "D" or better, according to the instructor's expectations. Credit towards graduation will be granted for a "Pass" mark. No credit toward graduation will be granted for a "No Credit" mark.

The Pass/No Credit option will not affect a student's grade point average, but may affect the relative class rank. The rank would be affected if other students with whom you are competing are taking courses for grades and therefore earning additional honors points. Student athletes considering N.C.A.A competition after high school should check with their counselor before taking any Pass/No Credit option.

This completed form must be turned into the Counseling Office by the student on or before the TWENTIETH SCHOOL DAY OF EACH SEMESTER. No requests will be accepted after that day.
