## PURPOSE

I am Kaeley, a driven 17-year-old working towards achieving the rank of Eagle Scout. Driven by my interest in the medical field, I embarked on a search for a meaningful Eagle project. During a conversation with my High School Principal, I mentioned the classrooms did not have emergency kits. Without hesitation, I eagerly seized the opportunity.

In an emergency you never know how long you may be stuck in a classroom, which is why it's so crucial to have access to the right supplies. My objective is to establish at least 17 emergency kits for the school, providing teachers and students with essentials to be prepared for any situation.
